Spare Parts Kit

Large Square Auto Applicator Spray Shields

Harvest Tec is excited to announce the release of universal spare parts kits designed specifically for single pump 700 series applicators, as well as 3-pump automatic applicators. These kits provide essential parts and components to help keep your applicator running efficiently in times you need it most!

Our rebuild kits are designed to be compatible with most large square baler automatic applicator setups, ensuring easy maintenance and extending the lifespan of your applicator. Each kit includes basic spare parts needed for routine service including tips, fittings, and check valves reducing downtime and maintaining peak performance.

By using Harvest Tec rebuild kits in your operation, you can:

- Ensure consistent applicator performance
- Reduce unexpected maintenance issues
- Keep your applicator in top working condition

2 kits options conveniently packaged and labelled for your Auto Applicator:

SPK-0700 – Spray Shield Spare Parts Kit for 700 series auto applicators (single pump & pulsing solenoid) for Large Square Balers.

SPK-0456 – Spray Shield Spare Parts Kit for 4/5/600 series auto applicator (3 pump systems) for Large Square Balers

See page 2 for components found in each kit
