FOR IMMEDIATE RELEASE
03/01/2024

Dear valued dealer,

We want to express our sincere appreciation for your steadfast support of Harvest Tec products and services throughout the UK and Europe over the past decade.

As part of our ongoing commitment to providing exceptional service and support to our valued customers, Harvest Tec is excited to announce the establishment of dedicated sales and support teams in the UK and Europe for the upcoming 2024 season. These teams will oversee all aspects of our business, including quotes, orders, technical support, warranty claims, and other customer and dealer transactions.

Furthermore, we wish to inform you that Profitable Farming Co (PFC AgriSolutions) is no longer an authorized agent for any Harvest Tec equipment or Balers Choice preservative.

We encourage you to reach out to Harvest Tec directly using the contact details provided below to schedule a call. Whether you require warranty support, replacement parts, or technical guidance, our team is dedicated to assisting you every step of the way. This new approach enables us to offer personalized and efficient service, ensuring that your needs are met with the highest level of care and attention.

We kindly request that any existing orders, quotes, or prepaid equipment commitments with Profitable Farming Co be promptly communicated to Harvest Tec.

For Harvest Tec assistance in the UK, please email: infoUK@harvesttec.com
For Harvest Tec assistance in Europe, please email: infoEU@harvesttec.com

Additionally, for all Balers Choice hay preservative needs, including pricing and technical assistance, please contact Monarch Chemical at the following link:
<https://www.monarchchemicals.co.uk/Chemicals/A-to-Z/982-/Balers-Choice>

You may also reach out to Monarch Chemical Sales Manager Robin George directly at: Robin.George@monarchchemicals.co.uk

Thank you once again for your continued partnership and trust in Harvest Tec.
